

ACTION REQUIRED: Changes to Reuters Connect Delivery for inbound FTP

CHANGES TO REUTERS FTP DELIVERY EFFECTIVE DECEMBER 1 2019

As part of ongoing efforts to provide world class service we are adding additional servers to our delivery platform.

Your account has been identified as a subscriber to our FTP delivery option and action may be required.

FTP Delivery

If you restrict inbound FTP you must add the new IP addresses listed below to your firewall **before December 1 2019**

- **34.238.216.121**
- **54.175.251.97**
- **52.193.144.45**
- **52.193.230.215**

For completeness the existing IP addresses, which we FTP from are:

- 159.220.24.251
- 159.220.24.252
- 159.220.24.249
- 159.220.24.250
- 159.220.18.251
- 159.220.18.252
- 159.220.18.249
- 159.220.18.250

These will be retired in Q1 2020.

If you have any questions or concerns about these changes, please [contact us](#) at any time.

Best regards,
